AI Readiness in 15 Minutes a Day

As educational leaders, we're all navigating the same waters. AI has arrived in our classrooms - through our students' phones, our teachers' questions, and our parents' concerns. The question isn't whether to address AI, but how to do it thoughtfully and effectively.

Dr. Baynes developed The AI-Ready Educator Certification in partnership with Alludo. This comprehensive curriculum spans 19 modules from AI fundamentals to grade-specific applications. On Alludo's platform, each educator chooses their learning path and demonstrates mastery through real-world application. Together, we're making AI mastery achievable for every educator.

The AI-Ready Educator Certification

Comprehensive AI Certification for All Educators

- **19 modules, 300+ lessons, 75+ hours of curriculum**
  learners **choose** topics relevant to them

- **Evidence-based mastery**
  learners demonstrate mastery **not** test taking skills

- **Role-specific training for teachers, classified, administrators**
  train your **entire** district

- **CEU facilitation through Fresno Pacific University**
  meet continuing education requirements

Ongoing Support Community

- **Weekly live Q&A sessions**
  answers your learners' questions

- **Live sessions with industry experts**
  keep up to date with the latest news

- **Daily community engagement**
  learn from and collaborate with educators across the US

Your Guide, Dr. Heidi Baynes

- **25+ years classroom and district experience**
  Heidi **understands** teachers and districts

- **Leading Riverside County's AI initiative**
  sharing **proven strategies** from real implementations

- **Regular speaker at education conferences**
  connected to the latest research and best practices

- **Believes in teacher empowerment, not replacement**
  AI as a tool, not a threat

High Completion
Rates Through Proven
Engagement Methods

- **Used by 150,000+ learners across the US**
  learners love learning on Alludo

- **Used in 5,800+ schools across the US**
  schools trust Alludo

- **2.7M+ lessons (890K+ hours) completed**
  proven professional development

- **Implement in hours, not days**
  start learning AI **today**, not 6 weeks from now

Program Cost

$250 per participant (volume pricing available for larger implementations)

Ready to Begin?

The beauty of this program is its simplicity.
Your educators can start learning AI skills this week:

- Email me with your educator count

- Process your district PO

- We'll roster your team within hours

- Teachers start their first module the same day
