

## MULTIPLE SUBJECT INTERN PROGRAM

The Center for Teacher Preparation is proud to offer the Multiple Subject Intern Program. The program empowers teachers to successfully deliver high quality, engaging content to learners through a supportive approach that balances theoretical and application-based learning experiences. The coursework and practicum are designed for those who are interested in public school employment in the following counties: Riverside, Inyo, Mono, or San Bernardino.

We are excited to provide rolling admission for a two-year accelerated program. Candidates can start immediately upon securing a teaching position and will receive exceptional support to successfully serve their students.
