CALLING ALL NEW SCHOOL COUNSELORS!

THE PURPOSE

Attend a series of six (6) workshops (a combination of in-person and virtual), focused on school counseling leadership, advocacy, structure, and systems creation for your school counseling program. The New School Counselor Academy is for new school counselors, with one-three years in the field, and school counselors that changed levels and are new to elementary, middle, or high school. In the fall, we will focus on program foundation, intentional counseling practices, essential counseling forms, office routines, and calendaring your first 100 days in the building. In the spring, we will help you identify tools to assess your program, data sharing, establishing program outcomes, and areas of growth. Additional topics covered include Multi-Tiered Systems of Support (MTSS), counselor and administration collaboration, legal and ethical best practices, needs assessments, counselor burnout, and much more!
