

Riverside County Office of Education***BP 6146.4 Differential Graduation and Competency Standards for Students with Disabilities***

INSTRUCTION**SUBJECT: Differential Graduation and Competency Standards for Students with Disabilities**

The County Board of Education (County Board) and County Superintendent of Schools or designee (County Superintendent) recognize that students with disabilities are entitled to a course of study that provides them with a free appropriate public education (FAPE) and that modifications to the County Office of Education's (County Office) regular course may be needed on an individualized basis to provide FAPE. In accordance with the law, each student's individualized education program (IEP) team shall determine the appropriate goals, as well as any appropriate individual accommodations necessary for measuring the academic achievement and functional performance of the student on state and County Office assessments.

Exemption from District-Established Graduation Requirements

County Office students shall complete all course requirements for high school graduation as specified in Board Policy 6146.1 - High School Graduation Requirements. However, a student with a disability that entered the ninth grade in the 2022-23 school year and later may be exempted from all coursework and other requirements adopted by the County Board that are in addition to the statewide course requirements for high school graduation if the student's IEP provides for both of the following requirements: (Education Code 51225.31).

1. That the student take the alternate assessment aligned to alternate achievement standards in grade 11 as described in Education Code 60640
2. That the student complete state standards aligned coursework to meet the statewide coursework specified in Education Code 51225.3

Prior to the beginning of grade 10, the IEP team for each student with a disability shall determine whether the student is eligible for the exemption, and if so, notify the student's parent/guardian of the exemption. (Education Code 51225.31)

Any such exempted student shall receive a diploma and be eligible to participate in any graduation ceremony and school activity related to graduation in which a student of similar age without a disability would be eligible to participate. (Education Code 51225.31)

The County Office's responsibility to provide FAPE shall not terminate when a student with a disability who is exempted from County Office-adopted graduation requirements participates in graduation activities unless the student's IEP team, which includes the parent/guardian and student, has determined that the student has completed the high school experience. (Education code 51225.31)

Certificate of Educational Achievement or Completion

Instead of a high school diploma, a student with disabilities may be awarded a certificate or document of educational achievement or completion if the student has met one of the following requirements: (Education Code 56390)

Riverside County Office of Education***BP 6146.4 Differential Graduation and Competency Standards for Students with Disabilities***

1. Satisfactorily completed a prescribed alternative course of study approved by the County Office as identified in his/her IEP
2. Satisfactorily met his/her IEP goals and objectives during high school as determined by the IEP team
3. Satisfactorily attended high school, participated in the instruction as prescribed in the student's IEP, and met the objectives of the statement of transition services (cf. 6146.1 - High School Graduation Requirements)

A student with disabilities who meets any of the criteria specified above shall be eligible to participate in any graduation ceremony and any school activity related to graduation in which a graduating student of similar age without disabilities would be eligible to participate. (Education Code 56391)
