PROFESSIONAL LEARNING OPPORTUNITIES

RIVERSIDE COUNTY OFFICE OF EDUCATION Pledge

Every student in Riverside County will graduate from high school academically and socially prepared for college, the workforce, and civic responsibility.

About Advancement Via Individual Determination (AVID) Riverside County (ARC)

The Advancement Via Individual Determination (AVID) Riverside County (ARC) team operates within the College and Career Readiness unit of the Riverside County Office of Education (RCOE) in the Educational Services Division. Our mission is to collaborate with school districts across Riverside County and throughout California, addressing the opportunity gap and preparing all students for college and career readiness. Our dedication lies in ensuring that every student, regardless of their background or zip code, possesses the necessary academic skills, social-emotional competencies, and personal attributes to thrive in an ever-changing global society.

In partnership and collaboration with the AVID Center, supporting all students and providing professional learning opportunities for educators is at the core of the ARC team's mission. We recognize that the success of our students hinges on the expertise and commitment of our educational leaders and our role is to equip educators with research-based methodologies and ongoing training, empowering them to effectively implement AVID strategies in their classrooms.

Our role and support will include:

- Strategic planning including analyzing data, identifying areas for improvement, and devising action plans in partnership with schools and districts.
- Developing data-driven action plans which drive schoolwide improvement including College and Career Readiness Indicator dashboards, K–12 literacy, Local Control and Accountability Plan (LCAP) indicators, Differentiated Assistance, Comprehensive Support and Improvement (CSI), etc.
- Aligning coaching support with strategic objectives to maximize its impact and facilitate lasting positive changes in educational institutions.
- Providing differentiated site and district support including professional development that tailors to their current needs as well as creating ongoing AVID Center learning opportunities.

As we strive for a future where equal educational opportunities are available for all Riverside County students, the ARC team is dedicated to cultivating a community of passionate, skilled educators committed to making a lasting impact on their students' lives. Together, we are building a brighter future for our students, educators, and communities, and fostering a thriving and equitable educational landscape.

***We look forward to collaborating
and working with you this
2025–2026 school year!***

District Leaders Meeting

This meeting is designed to empower AVID administrators and district directors/liaisons with the tools and resources necessary to amplify AVID’s transformative impact across their respective school campuses. Participants will engage in collaborative sessions focused on strategic planning, data-driven decision-making, and effective implementation practices. Through interactive activities and best practice sharing, attendees will learn how to strengthen AVID’s influence on instruction, culture, systems, and leadership within their schools. This meeting aims to equip AVID leaders with the knowledge and skills to drive sustainable improvement, foster college and career readiness, and ensure equitable access to opportunities for all students. (This is a two-part series. Part two by individual appointments.)

AVID Site Team Conference

Join us for the AVID Riverside County Site Team Conference: Advancing Schoolwide Impact. Ignite your AVID journey at the high-energy, two-day conference, designed to deepen implementation, foster meaningful collaboration, and accelerate student achievement. This immersive experience brings together educators, site leaders, and district teams for powerful keynotes, interactive workshops, and targeted breakout sessions—all aligned to AVID's College and Career Readiness Framework and the four AVID Schoolwide Domains: Instruction, Systems, Leadership, and Culture. Whether you are new to AVID or part of an experienced site team, this conference offers rich opportunities for:

- **Targeted Professional Learning:** Dive into strategies that build instructional rigor, increase student engagement, and strengthen AVID systems at all grade levels.
- **College and Career Readiness:** Explore actionable approaches to preparing all students for success beyond high school—including sessions focused on financial literacy and A–G readiness.
- **Data-Driven Collaboration:** Engage in site-based and cross-site planning to align goals, analyze impact, and chart a course for continuous improvement.

To maximize the impact of this event, it is highly recommended that schools attend with teams of at least four members, as dedicated site team planning time will be built into the agenda. Participants will leave with practical tools, renewed inspiration, and a focused plan to amplify AVID's impact on their campus.

In addition, AVID Extended Experiences will be taking place on Sunday if your team wishes to arrive early. We understand the value of professional learning and the intentional opportunities it affords individuals and teams to unwind and foster connections. We invite you to start your conference experience with these AVID extended experiences. We will help you have an adventure to remember with your team. This will be an additional registration, at no cost.

Advanced WICOR® for Schoolwide Rigor – Secondary

This advanced workshop is designed for secondary content teachers who have previously attended the foundational Writing, Inquiry, Collaboration, Organization, and Reading® (WICOR®) for Schoolwide Rigor session and are ready to deepen their implementation of AVID strategies. Participants will refine their use of WICOR® to design high-impact, student-centered lessons that promote academic discourse, complex thinking, and cross-curricular connections. Through collaborative planning and analysis of student work, educators will explore advanced applications of WICOR® to support diverse learners, increase cognitive rigor, and foster student ownership of learning. This session emphasizes sustainable schoolwide practices that embed AVID strategies across all classrooms, empowering educators to lead instructional change that supports equitable access and college and career readiness for every student. This is a two-day workshop.
