

**INSTRUCTION****SUBJECT: Academic Standards**

The County Board of Education and County Superintendent of Schools recognize that content and performance standards are necessary to clarify for students, parents/guardians and staff what students are expected to know and be able to do at each grade level and in each area of study. The County Office of Education shall adopt high standards for student achievement that meet or exceed statewide standards and challenge all students to reach their full potential.

County Office of Education standards shall be developed through a process that involves staff, students, parents/guardians and community members. Standards shall be based on a review of state model standards and an assessment of the skills that students will need in order to be successful in the workplace and in higher education, including basic skills, problem-solving abilities and conceptual thinking. Special care shall be taken to ensure the proper articulation of standards among County Office of Education schools.

(cf. 6010 - Goals and Objectives)

Staff shall continually assess students' progress toward meeting the standards and shall offer remedial assistance in accordance with County Office of Education policy. The standards shall also provide a basis for evaluating the instructional program, making decisions about curriculum and assessment, and, as required by law, evaluating teacher performance.

(cf. 4115 - Evaluation/Supervision)

(cf. 5121 - Grades/Evaluation of Student Achievement)

(cf. 5123 - Promotion/Acceleration/Retention)

(cf. 6141 - Curriculum Development and Evaluation)

(cf. 6143 - Courses of Study)

(cf. 6146.1 - High School Graduation Requirements)

(cf. 6162.5 - Student Assessment)

(cf. 6177 - Summer School)

(cf. 6190 - Evaluation of the Instructional Program)

While desiring County Office of Education standards to be specific and comprehensive, the County Board and County Superintendent of Schools do not intend that these standards be so extensive as to describe everything that will be taught in the classroom. Staff shall have sufficient time and flexibility to provide instruction that supplements the standards. Staff shall also have flexibility to determine the best instructional methods to use in preparing students to meet the standards.

The County Superintendent or designee shall ensure that County Office of Education

standards are regularly reviewed and updated as necessary.
