## 2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

<b>Admission Requirements for the University of California (UC)</b>	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Admission Requirements for the California State University (CSU)</b>	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

2024-25 School Description and Mission Statement
<p>The Riverside County Office of Education (RCOE) Alternative Education Court School provides a comprehensive instructional program for students in juvenile hall operated by Riverside County Probation. The Court School enrollment is determined by the Riverside County Juvenile Justice system (Courts and Probation). There are currently three Court School sites located at three juvenile hall sites in Riverside County.</p> <p>The Court school program is WASC accredited and provides state and county board of education approved core academic programs designed to meet the academic requirements for high school graduation or high school equivalency. The instructional</p>

## 2024-25 School Description and Mission Statement

program is focused on the California standards along with rigorous and relevant learning activities that include project-based learning, multi-tiered systems of supports (MTSS), high-impact classroom strategies and routines, Positive Behavioral Supports and Intervention (PBIS) with restorative practices, inter-disciplinary thematic lessons, and literacy across the curriculum. Students are enrolled in UC a-g courses and have an option to enroll in a Career Technical Education pathway or dual enrollment classes. Students are supported by systems to assess college/career/workforce readiness skills and have opportunities to complete the High School Equivalency Test (GED and HiSET).

The Court School staff members focus on RCOE's Mission, Vision, and Pledge:

**Mission:** The mission of RCOE is to ensure the success of all students through extraordinary service, support, and partnerships.

**Vision:** RCOE will be a collaborative organization characterized by the highest quality employees providing leadership, programs, and services to school districts, schools and students countywide.

**Pledge:** Every student in Riverside County will graduate from high school academically and socially prepared for college, the workforce, and civic responsibility.

The Court School engages students in learning activities in order to meet the following Schoolwide Learner Outcomes (SLOs):

Riverside County Court School Students will be:

Self-Directed, Life Long Learners

- Who are motivated to meet their maximum potential
- Who persevere and demonstrate the tenacity to overcome obstacles

Outstanding Communicators Prepared for the 21st Century Workforce

- Who use effective communication skills to solve problems collaboratively in the real world
- Who use technology to enhance their learning

Academically Proficient Learners

- Who use academic language skillfully and apply critical thinking skills
- Who graduate from high school well prepared for college and careers

Responsible and Productive Citizens

- Who advocate effectively for themselves and others with integrity
- Who demonstrate respect for individual and cultural differences, and their community

We are an alternative school and encourages those interested in our school to review our one-year graduation rate as a measure of our school's effectiveness when graduation is within reach. We serve students that are not always on a four-year trajectory and listed cohort graduation rates can often not share the complete story of student successes within our school.

## School Facility Conditions and Planned Improvements

The RCOE Alternative Education Department expects students in the Juvenile Court Schools program to attend to and fulfill their educational requirements while incarcerated in one of the four juvenile detention centers located in Riverside County. Juvenile Court personnel monitor visitations at the three sites. Visitors are asked to check-in and sign a log stating their presence and their reason for visiting. Limits and controls regarding authorized or unauthorized access to the juvenile detention centers during the school day are clearly posted.

Classrooms for students enrolled in the Juvenile Court Schools program are housed within the juvenile detention centers to facilitate easy access to learning. The educational programs and personnel provide all other services within the juvenile detention centers. Each center location has facility accommodations for both students and staff.

## School Facility Conditions and Planned Improvements

The court school classrooms under this County-District-School (CDS) code are located in three (3) institutions and are operated by Riverside County Probation. Probation provides both custodial and maintenance services for the classrooms. Annual school inspections are completed by probation and RCOE also conducts independent inspections annually. As indicated in the annual school inspections, the classrooms throughout the court school locations are in good condition.

The following facilities are included in the CDS code assigned to the juvenile court programs:

Alan M. Crogan Youth Treatment and Education Center, Riverside  
Lawrence F. Smith Juvenile Hall, Indio  
Southwest Detention Center, Murrieta

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

## 2023-24 Career Technical Education Programs

The RCOE Alternative Education program continues to expand CTE course offerings based on student interest and current job market trends. The 17-18 school year was the year in which Riverside County Juvenile Court transitioned from a marketing pathway to a new computer science offering for the 18-19 school year. In 2019, Riverside County Juvenile Court became part of a dual-enrollment opportunity with the University of California, Riverside offering a professional IT certification pathway. During the 2020-2021 school year, Riverside County Juvenile Court expanded upon the dual-enrollment to include a History sequence of courses. During the 2021-2022 school year Macroeconomics was added as a dual-enrollment option. During the 2022-2023 our dual enrollment program began offering Cyber Security and Ethnic Studies as options. Cyber Security, Ethnic Studies, and US History dual enrollment options continued into the 2024-2025 school year.

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2024-25 Opportunities for Parental Involvement

Parent involvement is critical to the success of students and highly encouraged by RCOE staff. Parents have the opportunity to become involved through the following options:

- Enrollment
- Parent/teacher conferences (formal and informal)
- Individualized Education Program (IEP) process
- School Site Council
- English Learner Advisory Council
- District English Learner Advisory Council
- Local Control Accountability Plan Stakeholder Engagement Meetings
- Parent Institute for Quality Education (PIQE)

## 2024-25 School Safety Plan

The RCOE School Safety Plan is updated annually by March of each school year by RCOE staff and probation officials. During the 2022 - 2023 school year, the plan was reviewed by administrators, school staff, and probation representatives in January 2023. The School Safety Plan is discussed regularly at leadership, staff, and management team meetings.

2024-25 School Safety Plan

The Safety Plan includes information intended to identify elements and resources important in improving school safety and preventing campus violence throughout the county and is categorized into assessment data, funding sources, discipline policies and practices, professional development, counseling and guidance, collaboration, programs and strategies, and campus security. Relevant data is reviewed to identify school safety issues (e.g., California Healthy Kids Survey, school crime data, suspensions and expulsions, counseling referrals, law enforcement reports, etc.).

Positive Learning Environment & Discipline:  
Counseling, guidance, psychological services, and social services are available to all students. Mental health, probation and law enforcement agencies are actively involved in the activities that contribute to improving the safety of the school environment at RCOE. Prevention/intervention programs are used to create a safe drug-free learning environment. Some of the issues addressed through these programs that impact students are:

- Gang Risk Intervention
- Conflict Management
- Classroom Management
- Hate Violence-Motivated Behavior
- Harassment
- Child Abuse Reporting
- Commercial Sexual Exploitation of Children

Existing school discipline rules and procedures are reviewed at the beginning of each school year to ensure they address student behavior problems and school safety issues. The rules and the procedures are given to all students and parents upon enrollment explaining codes of conduct, unacceptable behavior, and disciplinary consequences. The dress code states that students should be dressed appropriately for normal school activities; students’ attire should reflect pride and respect. Health and safety are guidelines to acceptable school attire.

Professional Development

Staff training and development is conducted throughout the school year in the form of after school workshops and training sessions for all site and management staff. 1.45 hours is dedicated to staff development weekly and 64 hours or greater is offered over the summer.

During the 2024 Summer Institute of Learning Knowledge the focus was on student wellness, English Learner supports, and new technology platforms that feature artificial intelligence.

During the 2023 Summer Institute of Learning Knowledge, the focus was on student wellness and GLEAM strategies to ensure that our lessons are designed to be grade level appropriate, equitable, accessible, and meaningful.

During the 2022 Summer Institute of Learning Knowledge, the focus was on supporting virtual learning. Heavy emphasis was placed on Universal Design for Learning (UDL) and staff training on the Canvas learning management system. Ongoing professional learning communities were dedicated to the MTSS process, technology trainings, and the UDL process. The emphasis was focused heavily on calibration and coaching on the implementation of universal design for learning.

During the 2021 Summer Institute of Learning Knowledge, the focus was on supporting virtual learning. Heavy emphasis was placed on Universal Design for Learning (UDL) and staff training on the Canvas learning management system. Ongoing professional learning communities were dedicated to the MTSS process, technology trainings, and the UDL process. Great emphasis was placed on transitioning back to in-person instruction and supporting student re-engagement and individualized instruction. Grading procedures and protocols were reviewed.

During the 2020 Summer Institute of Learning Knowledge, the focus was on supporting virtual learning. Heavy emphasis was placed on Universal Design for Learning (UDL) and staff training on the Canvas learning management system. Ongoing professional learning communities were dedicated to the MTSS process, technology trainings, and the UDL process.

During the 2019-20 school year, all teachers attended the Summer institute of Learning and Knowledge (SILK) and Professional Learning Community (PLC) workshops every Wednesday. Teachers engaged in colleague classroom visits in which ELA/literacy strategies were observed and feedback provided. Areas of focus in ongoing professional development include IEP writing development, Multi-tiered systems of support (MTSS), positive behavior reinforcement and standards, and student data analysis.

During the 2017-18 school year, all teachers attended the Summer institute of Learning and Knowledge (SILK) and Professional Learning Community (PLC) workshops every Wednesday. Teachers engaged in colleague classroom visits in which ELA/literacy strategies were observed and feedback provided. Teachers are also provided training on implementing project-based learning in the ELA/ELD and history-social science integrated units of study and the math and science integrated units of study, service learning projects and experiential learning activities. In addition, teachers received training on implementation of the Next Generation Science Standards (NGSS). The management leadership team is provided ongoing professional development monthly and quarterly through leadership team meetings.
